Mediation Philosophy

Judith B. Greene obtains a thorough understanding of the dispute through pre-mediation conversations with counsel and a thorough review of mediation summaries and/or other materials and information provided. She encourages and facilitates the resolution of disputes in mediation by remaining open-minded, effectively listening to and thoughtfully questioning participants, and fostering meaningful and respectful communication among the participants. Judith is analytical, diligent, and creative in her efforts to find a solution to the dispute. Judith will address every possible path to settlement throughout mediation. The goal is to facilitate a voluntary, reasonable, and satisfactory binding settlement agreement that allows the parties to gain closure and avoid protracted and costly litigation.

Judith understands that each case is unique and allows counsel to determine how to present their information and positions most effectively. However, Judith encourages counsel to submit a mediation summary and any documents and/or evidence the parties wish her to review to understand the dispute, the parties' positions, and the posture of the case. Once the mediation is scheduled, Judith will contact counsel to confidentially discuss a variety of topics pertaining to the dispute to make the mediation as effective and efficient as possible.

Judith is a Florida Supreme Court Certified Circuit Mediator. Judith is also certified as a mediator by the Florida Department of Financial Services and is a member of the American Arbitration Association Roster of Mediators. For more information, please see judithbgreenedisputeresolution.com.
